**8. Relevant representations from responsible authorities have been made in respect of the application listed in paragraph 5. Full details of these representations are attached to the report at Appendix C. A summary of the responses from the relevant authorities are as follows:**

Trading Standards:	No objections
Child Protection:	No response

**9. The conditions proposed by the environmental protection officer have not been accepted by the applicant.**

### **Interested Parties**

**10. No representations have been received from local residents.**

### **Legal Implications**

**12. Under Schedule 5 of the Licensing Act 2003 the applicant or a person who made a relevant representation may appeal to the Magistrates Court in the event of not accepting the decision of the Licensing Panel.**

### **Policy Considerations**

**13. In determining applications the authority must give appropriate weight to:**

- a. Representations received from Responsible Authorities;**
- b. Relevant Representations made by Interested Parties;**
- c. The Secretary of State's Guidance;**
- d. The Statement of Licensing Policy;**
- e. The steps necessary to promote the Licensing Objectives**

**14. The Licensing Officer considers the following policies taken from the Statement of Licensing Policy should be considered for this application.**

<b>Policy LH 3: Licensing hours not limited</b>
The Authority will not reduce the hours permitted for licensable activities to less than those stated in an application, unless representations indicate that this is necessary and then only in the context of the individual merits of that application. In considering a limitation on trading hours, regard will be had to the nature of the locality around the premises.
<b>Policy LH 5: Closing Times</b>
In determining applications, the Authority will take into account the time that it is proposed to close the premises where patrons have been attracted to attend by a licensable activity. Regard will also be had to matters such as the nature of the locality and the availability of public transport at the time that the premises propose to close.
<b>Policy LH 6: Dispersal procedures</b>
<p>The Authority will require applicants for Premises Licences where there is likelihood for nuisance to the neighbourhood due to patrons leaving the premises, to submit a written statement with their application, covering procedures for orderly dispersal of patrons at closing time. Frequently, but not exclusively, these types of premises will be those that open for regulated entertainment or sale of alcohol after midnight,</p> <p>Such a statement should show how all staff in the premises are trained in its implementation.</p> <p>The Authority expects any dispersal procedure to state the time at which the licensable activities cease and the later, actual, closure time of the premises.</p>
<b>Policy LH 7: Latest admission times</b>
In appropriate premises, where there is the possibility of customers moving between premises late at night or in the early hours of the morning in a way that could have a negative effect on any of the licensing objectives, the Authority expects latest admission times to apply where premises continue to sell alcohol for consumption on the premises and provide Regulated Entertainment after midnight.

The Authority expects the latest admission time to be at least one hour before cessation of the licensable activity.

**Policy OS 3: Operating schedule – Log book**

The Authority suggests that the managers of appropriate premises maintain a log of activities for the premises, that records the details of the manager and staff and the times that they are on duty, with details of incidents such as where people have been refused admission or have been ejected from the premises.

**Policy OS 11: Operating schedule – CCTV**

For appropriate premises, the Authority expects the use of CCTV equipment to capture images of appropriate quality, location and frequency. The Authority expects applicants for licences for such premises to demonstrate in their operating schedules that the installation and operational procedures for the equipment at the premises comply with Thames Valley Police's "Standard Minimum Closed Circuit Television Requirements".

**Policy OS 13: Operating schedule – Door Supervisors**

The Authority generally expects Premises holding regulated entertainment that continues beyond midnight to employ door supervisors in furtherance of the licensing objectives, unless it is shown to be unnecessary. In addition to the SIA requirements for registration, the Authority will require Door Supervisors to comply with the requirements of the "Thames Valley Door Safe" code of conduct whilst they are on duty. Where appropriate, the Authority will attach conditions to Premises Licences about the minimum numbers of male and female door supervisors on duty and their roles, which will reflect the layout of the premises, the location, the type of entertainment or function provided and the periods when regulated entertainment normally takes place. Where Representations have been made, the Authority may require premises to use door supervisors for particular types of regulated entertainment which have a significant potential to provoke disorder, or where there are special promotional events in which the sale of alcohol is significant. At premises that have regular entertainment or where special events are taking place, other attendants who do not engage in security activities, may be required to supervise areas within the premises. The Authority expects door supervisors and other staff undertaking security or supervisory duties to be readily identifiable by members of the public and where appropriate to wear high visibility clothing.

**Policy OS 14: Operating schedule – 'Pub-Watch' Schemes**

The Authority strongly recommends that all premises licensed to sell alcohol will participate in a 'pub-watch' or similar approved scheme and become part of any alert system(s) that such schemes may implement to alert members about potential troublemakers.

## **Licensing Officer's Observation**

- i. Modify the conditions of the licence, by altering or omitting or adding to them.
  - ii. Reject the whole or part of the application

**RE: Premises Licence Variation Application**

**AT: USA Fried Chicken, 6 St. Martins Street, Wallingford, Oxon.**

**Thank you for consulting this Service regarding the above application.**

**I have reviewed the application and consulted our records and would like to make representation against the application. I am concerned that due to the residential location of the premises, the measures outlined in section Q (d) of the application would not be sufficient to prevent a public nuisance.**

**The areas of concern are:**

- **General break out noise from the premises;**
- **Noise from people leaving the venue at the end of the night.**

**We have concerns about the proposed extension to the premises current licensing hours causing additional noise disturbance to the surrounding residential properties. People living in close proximity to a fast food premises can expect to experience a level of noise disturbance until the premises closes at its current time of 23:00. Any later opening may result in this noise disturbance being unacceptable.**

**We are also currently investigating noise complaints relating to the premise (noise from the extraction system). I visited the residential property above the premises on Friday 23 March 2007 as part of this noise investigation. In addition to the noise from the extraction system, people can be clearly heard talking and working within the premises from the property upstairs. We have significant concerns about the acoustic integrity of the current structure and its ability to contain noise. The structure seems to be acoustically weak in this regard because of its age and design. Therefore, any extension to opening hours would lengthen the time of noise exposure.**

**Until these issues have been resolved, it is felt that any extension to their opening hours would be unacceptable. Due to the concerns mentioned above, I would recommend refusing the application to extend the licensing hours.**

**If you have any further questions or queries, please do not hesitate to contact me.**

**Regards**
