Date of meeting: 1 June 2007 adjourned by panel members

Adjourned meeting: 4 September 2007

Purpose of Meeting:

1. To consider the relevant representations received in respect of an application for a Premises Licence for USA Chicken, 6 St Mary's Street, Wallingford under the Licensing Act 2003 after the hearing was adjourned by the panel members on the 1 June 2007.
2. Panel members adjourned the hearing on the grounds they wished the applicant to address the practicalities of complying with the conditions proposed by Environmental Protection (which the applicant indicated he was willing to accept) before the panel could determine the application.
3. The full comments of the Environmental Protection Officer are included in Appendix C of the original report dated 1 June 2007.
4. Panel members recommended, at the time of the hearing, that the applicant should keep Environmental Protection informed of any work being undertaken. At the date of this report, 28 August 2007, the applicant has not approached Environmental Protection and to the best of the licensing authority's knowledge the applicant has not addressed the objections stipulated in the Environmental Protection report.
