E-mail: steven.corrigan@southandvale.gov.uk

Date: 6 July 2022

Website: www.southoxon.gov.uk

Summons to attend a meeting of Council

to be held on

THURSDAY 14 JULY 2022 AT 6.00 PM

at

135 EASTERN AVENUE, MILTON PARK, OX14 4SB

To watch this meeting, follow this link to the council's YouTube channel:

<https://www.youtube.com/channel/UCTj2pCic8vzucpzlaSWE3UQ>

Alternative formats of this publication are available on request. These include large print, Braille, audio cassette or CD, and email. For this or any other special requirements (such as access facilities) please contact the officer named on this agenda. Please give as much notice as possible before the meeting.

Patrick Arran
Head of Legal and Democratic

Agenda

1 Apologies for absence

To record apologies for absence.

2 Minutes (Pages 8 - 19)

To adopt and sign as a correct record the Council minutes of the annual meeting held on 19 May 2022.

3 Declarations of interest

To receive declarations of disclosable pecuniary interests, other registrable interests and non-registrable interests or any conflicts of interest in respect of items on the agenda for this meeting.

4 Urgent business and chair's announcements

To receive notification of any matters which the chair determines should be considered as urgent business and the special circumstances which have made the matters urgent, and to receive any announcements from the chair.

5 Public participation

To receive any questions or statements from members of the public that have registered to speak.

6 Petitions

To receive any petitions from the public.

7 Community Governance Review - related alteration order

The Community Governance and Electoral Issues Committee is currently undertaking a community governance review and will be making final decisions on a number of community governance reviews at its meeting on 8 September 2022. The committee could agree changes to parish boundaries which would impact on district ward and county division boundaries. To make district ward and county divisions coterminous with any parish changes Council is invited to authorise the head of legal and democratic to request the Local Government Boundary Commission for England to make related alteration orders to alter both the district wards and county division boundaries. Any such requests must be submitted by 1 October, prior to the next Council meeting, to ensure any changes are implemented for the May 2023 elections.

RECOMMENDATION: to authorise the head of legal and democratic to request the Local Government Boundary Commission for England to make related alteration orders to change district wards and county divisions to reflect the changes made to parish boundaries arising from the current community governance review.

8 Report of the leader of the council

To receive the report of Councillor David Rouane, Leader of the council.

9 Questions on notice

To receive questions from councillors in accordance with Council procedure rule 33.

- A. Question from Councillor Mocky Khan to Councillor Sue Cooper, Cabinet member for Environment, Climate Change and Nature Recovery

It seems that all other towns within South Oxfordshire are getting Electric Vehicle (EV) charging points except Didcot. Can the Cabinet member for Environment, Climate Change and Nature Recovery explain the criteria for selection and why Didcot was excluded?

- B. Question from Councillor David Bartholomew to Councillor Andrea Powell, Cabinet member for Corporate Services, Policy and Programmes

At the Full Council meeting in May you announced there will be six FTE officers in the core climate action team.

What is the annual cost of this to the council and what exactly are these officers going to do?

10 Motions on notice

To consider motions from councillors in accordance with Council procedure rule 38.

- A. Motion to be proposed by Councillor Anne-Marie Simpson, seconded by Councillor Alexandrine Kantor

Good food is vital to us all and food production and farming is an important economic and employment sector in our district, with agriculture at the heart of many of our communities.

However, the rising costs of fuel and other supplies is creating increased pressure on farmers across the district, whilst government policies on international trade deals threaten to undermine UK food quality standards and risk putting farmers out of business – as well as exacerbating food insecurity in the UK. At the same time, significant increases in the cost of living are putting pressure on residents across South Oxfordshire, forcing them to make difficult choices regarding their household budgets, including the amount spent on food and heating.

The district council has a number of ways and opportunities that can help influence food production, support sustainable farming and distribution, reduce food waste, and promote healthy eating for the benefit of our residents and the environment, whilst supporting action to address climate change and building on the council's corporate plan objectives.

Council therefore resolves:

1. To promote local food production and distribution and a sustainable food culture in South Oxfordshire by maximising opportunities to highlight the importance of food and farming in our local economy through our website, communications the press and social media
2. To recognise that the initial cause of food poverty is not agricultural but economic/socio-economic due to high cost of living and to work with local partners such as Good Food Oxfordshire to promote and encourage food planning
3. To encourage farming communities and agricultural businesses to respond to any consultation on our new Joint Local Plan and Oxfordshire Plan 2050 and to engage more generally with the council.
4. To encourage developers to include community gardens and allotment provision within all new housing developments.
5. To encourage and promote high environmental health standards at all stages of food production, distribution and redistribution, and continue to support local businesses, local farmers' markets and 'farm-door' sales, recognising their positive impact on reducing the carbon emissions associated with food miles.
6. To continue to investigate ways we can support food redistribution organisations and food charities to address food poverty in the district, noting the work that has already been done in this regard.
7. To continue to promote ways we can reduce food waste through our waste service and the use of food recycling bins and promotion of the circular economy (reduce, re-use and recycle), highlighting the climate benefits this can bring through initiatives such as Food Waste Action Week.
8. To minimise food waste at any event that we may host that serves food, and to use such occasions to highlight the use of waste food, low carbon options, and locally sourced produce wherever possible.

B. Motion to be proposed by Councillor David Rouane, seconded by Councillor Robin Bennett:

Council notes that:

- On 1 April 2022, Ofgem increased the energy price cap by 54%, however there is no price cap on solid fuel, bottled gas or heating oil.
- The average standard tariff energy bill will increase by £693 per year. The average pre-pay meter energy bill will increase by £708 per year (Ofgem, 2022).
- The energy price cap is expected to rise significantly again in October this year.
- The Universal Credit £20 uplift was removed last year.
- Forecourt fuel prices have rapidly increased and are close to £2 per litre,

- badly affecting key workers, logistics, farming and food production.
- On 6 April 2022, the Government increased National Insurance by 1.25 per cent, which is projected to cost the average family an additional £108 per year.
- 9 in 10 (88%) adults reported their cost of living had risen over the past month, with many citing affordability of food and medicines as a major concern.
- Reliance on Food Banks has greatly increased across South Oxfordshire.
- The cost of living increases also impact council services, from housing needs to the work of the community hub. Council finances are badly affected by rising inflation.

Council declares that we have moved from a Cost of Living Crisis to a Cost of Living Emergency

Council asks the leader to call on the Government to:

- Urgently review the energy cap regime and provide much greater protection to consumers, as other European countries have done.
- Make an immediate reduction in VAT, which proportionally helps those most in need
- Increase benefits in line with inflation and reinstate the Universal Credit uplift
- Urgently provide financial support to public transport to avoid service reductions
- Recognise that councils like South Oxfordshire will need additional funding to support services affected by high inflation

Council further resolves:

- To call for a local Cost-of-Living Emergency Summit with stakeholders, including Oxfordshire County Council, Citizens Advice, Food Banks, and others, and to invite both local MPs to attend to work towards a community response to the emergency.
- To ensure Council continues to maximise opportunities to inform and support residents in need, directing them towards services that advise on heating bills, employment and skills and wellbeing support via our Community Hub
- To continue to offer up to 100% council tax reduction, subject to circumstances, and to advise our residents through all channels of communication how to apply for the scheme

- C. Motion to be proposed by Councillor Jo Robb, seconded by Councillor Elizabeth Gillespie:

This Council notes:

Residents and councillors remain deeply concerned about water quality and the impact on human health and wildlife, of sewage discharges into the River Thames and its tributaries.

Sewage discharges are happening with increasing frequency. Thames Water dumped raw sewage into the River Thames and its tributaries 5,028 times in 2021.

Data obtained from Thames Water and compiled by the Oxford Rivers Improvement Campaign (ORIC) shows that in 2020, treatment works in South Oxfordshire were

operating significantly short of the capacity required to cope with existing populations.

- Didcot has 61% of the capacity required
- Oxford Sewage Treatment Works in (Sandford), has 62% of the capacity required
- Chinnor has 69% of the capacity required
- Wheatley has 86% of the capacity required
- Chalgrove has 71% of the capacity required

South Oxfordshire has plans for almost 30,000 new homes to be delivered between 2011 and 2035. The district has already seen a significant increase in its population of 14,800 from 134,300 (2011) to 149,100 (2021).

Legislation establishes the right to connect to the foul water system. Where Thames Water identifies infrastructure capacity issues and the developer indicates that it intends to connect to the public sewer, South Oxfordshire District Council makes permission conditional on Thames Water taking necessary steps to ensure the public sewer can cope with the increased load (“Grampian-style” conditions).

But the Council is not informed of the specifics of sewage treatment capacity and is not told whether development is likely to lead to an increase in sewage discharges into the Thames or its tributaries.

This Council resolves to:

1. Ensure that an evidence base is compiled that assesses the cumulative impact of sewage discharge so that this is factored into decisions on the new Joint Local Plan.
2. Request that Thames Water submit to Council and make public by the end of 2022, detailed and up to date information on sewage treatment work capacity at all treatment works in South Oxfordshire, make clear plans for infrastructure improvements and detail how these will work to reduce and ultimately eliminate sewage discharges.
3. Ask Thames Water, as part of its response to major planning applications, to provide detailed and up to date information on capacity at the treatment works that will be handling the waste from the new development, and information on the likely impact of additional development on sewage discharges into the River Thames and its tributaries, in order that this information can be considered in the decision-making process.
4. Request that planning officers include in all reports relating to major development, a summary response from Thames Water to our consultation and, where information/data is provided, include a specific section on the impact on the wastewater network and watercourses, including the potential for the development to affect sewage discharges.
5. Noting Thames Water’s plans to make information from electronic duration monitors public by the end of 2022, ask Thames Water to measure and make public, information on the *volume* of sewage discharged, not just the number of hours.
6. Request that Thames Water provide detailed costings and timescales to

achieve a progressive reduction and ultimately an end to sewage discharges in South Oxfordshire.

7. Ask the Leader to write to OFWAT and the Secretary of State to request that work take place to align water company investment strategies and timetables with strategic local planning so that planned infrastructure investment better relates to planned housing development.
8. Ask the Leader to write to the Secretary of State, OFWAT and the Environment Agency to request that sewerage undertakers be required to make public, up to date information on sewage treatment work capacity and volume of sewage discharges for all sewage treatment works by the end of 2023.

11 Exclusion of the public

To consider whether to exclude members of the press and public from the meeting for the following item of business under Part 1 of Schedule 12A Section 100A(4) of the Local Government Act 1972 and as amended by the Local Government (Access to Information) (Variation) Order 2006 on the grounds that:

- (i) it involves the likely disclosure of exempt information as defined in paragraph 3 Part 1 of Schedule 12A of the Act, and
- (ii) the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

12 Application for grant funding - Thame and District Housing Association (Pages 20 - 28)

Cabinet, at its meeting on 23 June 2022, considered the confidential report of the deputy chief executive – place on the provision of grant funding using commuted sums held by the council, towards an affordable housing project being delivered by Thame and District Housing Association (TDHA), who are registered with the Regulator of Social Housing as a Registered Provider of affordable housing.

The recommendations of Cabinet were circulated to all councillors on 24 June 2022.

Patrick Arran
Head of Legal and Democratic

Minutes

Listening Learning Leading

OF THE ANNUAL MEETING OF THE Council

Held on Thursday 19 May 2022 at 6.00 pm
135 Eastern Avenue, Milton Park, OX14 4SB

Present in the meeting room:

Councillors: Jo Robb (Chair - in the chair for items 1 and 2), Ken Arlett, Anna Badcock, Pieter-Paul Barker, David Bartholomew, Robin Bennett, Sam Casey-Rerhaye, Sue Cooper, Peter Dragonetti, Maggie Filipova-Rivers, Stefan Gawrysiak, Elizabeth Gillespie, Kate Gregory, Victoria Haval, Lorraine Hillier, Kellie Hinton, Alexandrine Kantor, Mocky Khan, George Levy, Axel Macdonald, Jane Murphy, Caroline Newton, Andrea Powell, Leigh Rawlins, Sue Roberts, David Rouane, Anne-Marie Simpson, Alan Thompson, David Turner, Andrea Warren and Celia Wilson

Officers: Patrick Arran, Head of Legal & Democratic and Monitoring Officer, Steven Corrigan, Democratic Services Manager, and Adrianna Partridge, Deputy Chief Executive – Transformation and Operations

1 Apologies

Apologies for absence were submitted on behalf of Councillors Tim Bearder, David Bretherton, Lynn Lloyd, Ian Snowdon and Ian White

2 Election of chair

The outgoing Chair, Councillor Jo Robb, reviewed her year as Chair of the council and thanked councillors and the vice-chair for their assistance and support during the year.

Councillors David Rouane, Mocky Khan, Robin Bennett, Jane Murphy, Stefan Gawrysiak and Elizabeth Gillespie paid tribute to Jo Robb in recognition of her work as Chair of the council during the past year.

Councillor David Turner was nominated as chair for the 2022/23 municipal year.

RESOLVED: to elect Councillor Turner as chair of the council for the 2022/23 municipal year, until the next annual meeting of the Council in May 2023.

Councillor Turner signed his declaration of acceptance of office and made an acceptance speech. He advised that his chosen charities are Chalgrove and Watlington First Steps Children Centre and River Thame Conservation Trust.

Councillor Jo Robb presented Councillor David Turner with the chain of office.

Councillor Turner in the chair.

3 Appointment of vice-chair

Councillor Kellie Hinton was nominated as vice-chair for the 2022/23 municipal year.

RESOLVED: to appoint Councillor Hinton as vice-chair of the council for the 2022/23 municipal year, until the next annual meeting of the Council in May 2023.

Councillor Hinton signed her declaration of acceptance of office.

4 Minutes

RESOLVED: to approve the minutes of the meeting held on 17 February 2022 as a correct record and agree that the Chair sign them as such subject to the replacement of “result in” with “be purely for” in the last line of minute 71.

5 Declarations of disclosable pecuniary interest

None.

6 Urgent business and chair's announcements

None.

7 Public participation

One member of the public had registered to ask a question.

Melanie Mousley Jones asked the following question.

“I understand that South Oxfordshire District Council is assigning officers to work on climate change mitigation and adaptation. Please could you tell me how many full time equivalent officers are assigned to climate action work, and what their roles will be? I am particularly interested in what outward-facing roles there will be to enable greenhouse gas reductions in the district at-large”.

Councillor Andrea Powell, Cabinet member for corporate services, policy and programmes, responded to the question. Action to tackle Climate Change is a high priority in the Council’s Corporate Plan. The recently adopted Climate Action Plan, fully costed and included within the agreed 2022/23 budget, is now being implemented. Council has agreed additional funds to supplement the projects included within the action plan. The council aims to have six FTEs included in the core Climate Team, including a communications expert, to coordinate work in the action plan. However, it is important to note that all council service teams have climate action work embedded into their operational activities and, as such, all officers could be included as considered as being assigned to address climate work.

8 Petitions

None.

9 Appointments to committees, panels and joint committees for 2022/23

Council considered the report of the head of legal and democratic on the appointment of those committees and joint committees which are required to be politically balanced; together with the Climate Ecological Emergencies Advisory Committee, Licensing Acts Committee, Community Grants Panel and appointments to joint bodies.

The chair referred to the following recommendation, circulated prior to the meeting, covering these appointments and to reflect the allocation of the vacant committee positions.

That for the 2022/23 municipal year Council

1. appoints the committees and panels for the 2022/23 year and allocate seats to each political group as set out in the schedule circulated prior to the meeting;
2. appoints councillors and substitutes to sit on the committees and panels as set out in the schedule circulated prior to the meeting;
3. appoints councillors to the Licensing Acts Committee as set out in the schedule circulated prior to the meeting;
4. appoints councillors to the Climate Ecological Emergencies Advisory Committee as set out in the schedule circulated prior to the meeting;
5. appoints councillors to the Community Grants Panel as set out in the schedule circulated prior to the meeting;
6. appoints chairs and vice-chairs as set out in the schedule circulated prior to the meeting;
7. appoints David Turner as the council's representative and David Bretherton as substitute on the Oxfordshire Joint Health Overview and Scrutiny Committee;
8. appoints Sam Casey-Rerhaye as the council's representative and Maggie Filipova-Rivers as substitute on the Thames Valley Police and Crime Panel;
9. appoints Peter Dragonetti, Victoria Haval and David Turner to the Future Oxfordshire Partnership Scrutiny Panel;
10. authorises the head of legal and democratic to make appointments to any vacant committee or panel seat and substitute positions in accordance with the wishes of the relevant group leader.

RESOLVED: to

1. appoint the following committees and panels for the 2022/23 municipal year and to appoint the membership, substitutes and chairs and vice-chairs as indicated to sit on them (see table below);

Planning Committee, 11 Members					
Conservative (3)	Green (2)	Henley Residents (1)	Labour (1)	Liberal Democrat (3)	SORT (1)
Lorraine Hillier	Sam Casey-Rerhaye	Ken Arlett	Axel Macdonald	Tim Bearder	Elizabeth Gillespie
Ian Snowdon	Peter Dragonetti (Vice-Chair)			David Bretherton (Chair)	
Alan Thompson				Victoria Haval	
Preferred substitutes					
Conservative (3)	Green (3)	Henley Residents (2)	Labour (2)	Liberal Democrat (3)	SORT (1)

2. appoint David Turner as the council’s representative and David Bretherton as substitute on the Oxfordshire Joint Health Overview and Scrutiny Committee;
3. appoint Sam Casey-Rerhaye as the council’s representative and Maggie Filipova-Rivers as substitute on the Thames Valley Police and Crime Panel;
4. appoint Peter Dragonetti, Victoria Haval and David Turner to the Future Oxfordshire Partnership Scrutiny Panel;
5. authorise the head of legal and democratic to make appointments to any vacant committee or panel seat and substitute positions in accordance with the wishes of the relevant group leader.

10 Adoption of Oxfordshire Code of Conduct for Councillors

Council considered the recommendation of the Joint Audit and Governance Committee, made at its meeting on 29 March 2022, to adopt the Oxfordshire Code of Conduct.

RESOLVED: to approve the Oxfordshire Code of Conduct, appended to the report of the monitoring officer to the meeting of the Joint Audit and Governance Committee held on 29 March 2022.

11 Appointment of Independent Persons

Council considered the report of the head of legal & democratic and monitoring officer which proposed the appointment of six Independent Persons to assist the monitoring officer with code of conduct matters. The report proposed that the Independent Persons are appointed by both South Oxfordshire and Vale of White Horse District Councils.

RESOLVED: to appoint Mike Boon, Julie Byron, George Green, Andrew Mills-Hick, Chris Smith and Martin Wright as Independent Persons for a period of four years until the annual meeting in May 2026.

12 Report of the leader of the council

Councillor David Rouane, Leader of the council, provided an update on a number of issues. The text of his address is available on the council's [website](#).

13 Questions on notice

No questions had been submitted by councillors.

14 Motions on notice

Council considered the motions from councillors set out in the agenda in accordance with Council Procedure Rule 38.

- A. Councillor Ken Arlett moved, and Councillor Stefan Gawrysiak seconded the motion as set out in the agenda at agenda item 14

After debate and on being put to the vote the motion was agreed.

RESOLVED: that

Councillors have the ability to call in a planning application within 28 days of the start of the statutory consultation period. This is an exception to the general delegation to the Head of Planning who has authority to deal with planning applications.

Currently, there is no ability for a councillor to call in a planning application that has been amended after the 28 day period comes to an end.

It may well be the case that the majority of councillors are unaware that amended planning applications cannot be called in after the 28 day period has elapsed, yet there is no provision in the Constitution to resolve this.

Council resolves that:

The Constitution Review Group is asked to consider the delegations to the Head of Planning as part of its review of the Constitution and in particular whether the call-in exception should be extended to allow for a councillor to call in an amended planning application notwithstanding the 28 day period has elapsed.

- B. With the agreement of Council, Councillor Sue Roberts moved, and Councillor Elizabeth Gillespie seconded, an amended motion to reflect acceptance of amended wording prior to the Council meeting. Deleted words shown by a strikethrough and additional words in bold.

This Council Notes:

~~The Russia-Ukraine war has newly highlighted our dependence on dirty oil and gas from rogue states. A third of our people are expected to be plunged into poverty by October, as domestic fuel prices rise. We lack fuel security.~~

In October 2021, Council noted the need to retrofit, wrote to Government, and provided a report on the retrofit landscape. **The Council is now employing staff to deliver the recommendations of that report.**

~~Since then, the situation has greatly worsened. The response to fuel scarcity by the Government has been to focus on increasing supply of oil and gas, rather than reducing demand. The climate crisis has worsened, and protection of our populace from the ravages of global heating has come further into focus.~~

~~We need excellent insulation, not only to keep us warm in winter, but to keep homes cool in the summer. In 2003, 70,000 Europeans died over a few days from the heat; such summers are set to become the norm.~~

It is estimated that up to a third of the population could be plunged into poverty by October, as domestic fuel prices rise, and the country lacks fuel security. However, the Government has no plan for mass-retrofitting of homes with insulation, airtightness, mechanical ventilation, and renewable energy generation.

In South Oxfordshire, we aim to be zero carbon by 2030, but, **without Government help**, we have few means to make that happen. Almost a third of our greenhouse gas emissions are from homes. A Government mass-retrofit scheme could reduce this wastefulness ~~of our precious fuel.~~

~~In October, there will be further fuel price rises, and winter will be coming. To retrofit as many homes as possible by then, Government should go on a war footing in response to the collateral damage to our people from the Russia-Ukraine war. But builders and materials are in short supply, even for newbuild. Government could enable the requisition of builders and materials for this task.~~

~~Inevitably, this would reduce resources for new housing development, and Local Authorities (LAs) might be unable to fulfil development targets. Rules that punish LAs such as the 5-year housing supply rule should be relaxed to enable resources to be directed toward retrofit.~~

A secure long-term strategy with certain investment would enable mass retrofit to boost the economy and GDP; providing good, local work. Our country is rightly proud of its

world-leading managerial excellence. In mass-retrofitting we could have a new export, of systems-expertise for this complex task.

Council resolves:

1. To ask the Leader to write to **the Chair of the Environmental Audit Committee and to** relevant Government departments (~~once again~~) to request that a high level strategy be created for mass retrofitting of homes for the reasons given above, and specifically that:

- Local Authorities (LAs) be the delivery vehicles for mass-retrofit
- LAs ~~be~~ provided with constant and long-term funding to maintain retrofit units
- A structured strategy for mass-retrofit be mandated by Government
- Resources be ~~diverted from new build~~ **committed** for mass-retrofit as necessary
- ~~LAs be relieved of regulations requiring them to keep up a high supply of new housing~~
- **Government reject calls to expand fossil fuel extraction and focus instead on energy efficiency and the rapid rollout of renewables, and demand reduction strategies such as retrofit, consistent with the Government's stated net zero goals**

2. To respond immediately to fuel-poverty; ask Cabinet to ensure that the council:

- **Continues to provide** ~~has~~ an advice-line on what to do if you cannot afford your **household fuel** bills
- make this advice-line prominent - top position - on our website
- ~~can~~ provide **guidance and signposting** ~~good advice~~ on retrofitting ~~from a position of expertise in buildings fabric and renewables~~ **to residents, especially those most at risk of fuel poverty.**

After debate and on being put to the vote the motion was agreed.

RESOLVED:

To note that:

In October 2021, Council noted the need to retrofit, wrote to Government, and provided a report on the retrofit landscape. The Council is now employing staff to deliver the recommendations of that report.

It is estimated that up to a third of the population could be plunged into poverty by October, as domestic fuel prices rise, and the country lacks fuel security. However, the Government has no plan for mass-retrofitting of homes with insulation, airtightness, mechanical ventilation, and renewable energy generation.

In South Oxfordshire, we aim to be zero carbon by 2030, but, without Government help, we have few means to make that happen. Almost a third of our greenhouse gas emissions are from homes. A Government mass-retrofit scheme could reduce this wastefulness.

A secure long-term strategy with certain investment would enable mass retrofit to boost the economy and GDP; providing good, local work. Our country is rightly proud of its world-leading managerial excellence. In mass-retrofitting we could have a new export, of systems-expertise for this complex task.

Resolves:

1. To ask the Leader to write to the Chair of the Environmental Audit Committee and to relevant Government departments to request that a high level strategy be created for mass retrofitting of homes for the reasons given above, and specifically that:

- Local Authorities (LAs) be the delivery vehicles for mass-retrofit
- LAs be provided with constant and long-term funding to maintain retrofit units
- A structured strategy for mass-retrofit be mandated by Government
- Resources be committed for mass-retrofit as necessary
- Government reject calls to expand fossil fuel extraction and focus instead on energy efficiency and the rapid rollout of renewables, and demand reduction strategies such as retrofit, consistent with the Government's stated net zero goals

2. To respond immediately to fuel-poverty; ask Cabinet to ensure that the council:

- Continues to provide an advice-line on what to do if you cannot afford your household bills
- make this advice-line prominent - top position - on our website
- provide guidance and signposting on retrofitting to residents, especially those most at risk of fuel poverty.

C. Councillor Sue Roberts moved, and Councillor Elizabeth Gillespie seconded the motion as set out in the agenda at agenda item 14

Whilst a number of councillors spoke in support of a return to a committee system of governance, the majority did not consider that the time was right to consider its introduction, with other priorities for the council, including supporting Ukrainian families and staff resource implications with the commencement of preparations for the district and parish elections in May 2023.

On being put the motion was declared lost.

The meeting closed at 7:30pm
