Figure 1. Original (approved) governance structure

The governance structure for Didcot Garden Town shown below was published in Chapter 10 of the Didcot Garden Town Delivery Plan and approved by South and Vale Cabinets in October 2017. Figures 2 and 3 on the following page show the revised governance structure that was agreed by the nominated Didcot Garden Town Board on 11 March 2019.

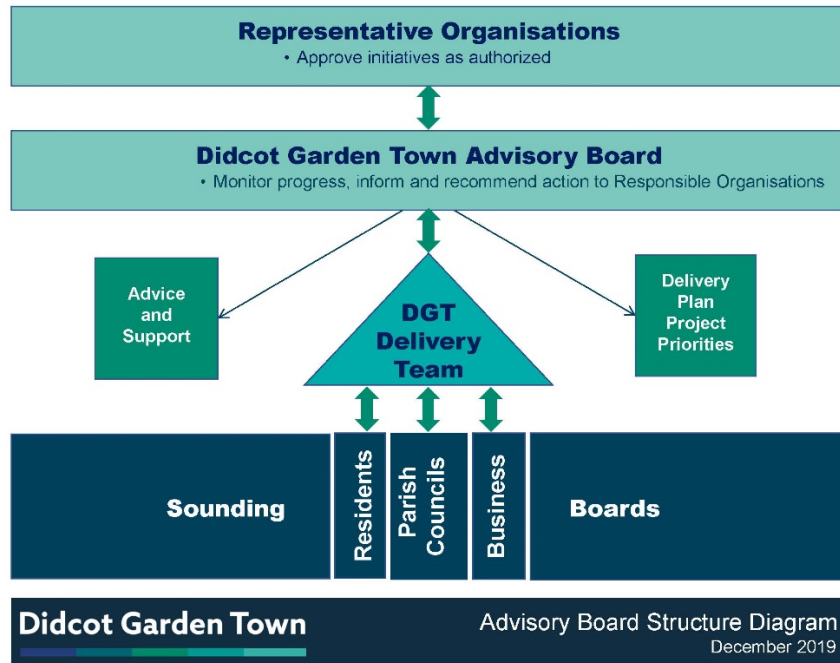

It has always been assumed that the operational effectiveness of this structure would be dependent upon putting in place the following:

1. A scheme of delegation that;
 - a. Gives delegated powers to Senior District Council Employees seconded to work in the Delivery Team and the Garden Town Planning Unit. The nature and level of delegated authority will be the same as the delegation given to these Senior Officers under the current (and future) constitutions of South Oxfordshire District Council and Vale of White Horse District Council.

January 2020

Figures 2 and 3. Revised (proposed) governance structure

The proposed governance structure has been updated since 12 July 2019 to include a parish council representative. The structure reflects the advisory role of the Board and is recommended for approval.

Appendix 3: Statement by Sutton Courtenay Parish Council read at 12 July 2019
Vale cabinet meeting

Madam Chair, councillors, thank you for giving me the opportunity to make a statement on behalf of Sutton Courtenay Parish Council. The statement is in relation to agenda item 6 in which you will be considering officer recommendations on Didcot Garden Town governance.

The Parish Council is fully supportive of the project. It has the potential to be one of the most important influences in the way our area in the county develops. So, why am I here?

If you look at the Didcot Garden Town Masterplan you will note that approximately a third of Sutton Courtenay Parish is contained within this Masterplan. I quote from Chapter 10.4 of the Didcot Garden Town delivery plan: *'The Didcot Garden Town masterplan area is intended to cover the current and future extent of Didcot: the area where you might reasonably describe yourself as being 'in Didcot' if you lived or worked there.'* I repeat a third of our parish in within this garden town area which is being described as 'reasonably living in Didcot' – where is our identity? Now imagine you live next to a very important neighbor whom you love dearly, and you do appreciate all the benefits of living next to him. One day he says to you that he is going to incorporate a substantial section of your house and garden in his plans to deliver exciting opportunities for 21st century garden town living. Hmm he says there is just one snag you will not be able to make any decisions about what is planned though we might find a way for you to feel you have had a say. Imagine how you would feel and that is how Sutton Courtenay feels today.

You are about to discuss some fresh proposals for Governance arrangements, despite there having been little public consultation on the new arrangements and the considerable concern Sutton Courtenay and its residents, as well as many other parishes, have been expressing for three years, over how the project is to be governed.

It is noted that the non-executive Board is now to be an Advisory Board and that instead of having Parish Council and Community representatives on that Board, these have been relegated to Sounding Boards. This means that the views of those

January 2020

**Appendix 3: Statement by Sutton Courtenay Parish Council read at 12 July 2019
Vale cabinet meeting**

bodies will merely be reflected by officers to the main board, without necessarily the full implications and import being expressed. In this there is a clear need for the outlying communities to be able to argue their case where it matters – at the decision-making level.

I cannot speak for other villages, but Sutton Courtenay is in a unique position, trapped between the river and Didcot and now with such a large area of its parish included in the Masterplan. This comes hot on the heels of the Vale's decision to exclude the Didcot Power station area, adjoining employment areas and Milton Park from our Neighbourhood Plan designated area despite our strong objections and the huge financial implications for the village. Please note on the eastern edge of our parish boundary, the DGT Masterplan and the NP designated areas have some overlap. The new Sounding Boards (PCs, Businesses, etc) are due to meet only twice a year for 90 minutes at a time, yet there are planned projects to be delivered within or bordering our parish (Didcot A, Moor ditch, River Crossing, gravel workings site to name just a few) with woefully inadequate opportunities for us to influence project delivery.

I would therefore ask that you seek an amendment so that the Advisory Board includes a representative from Sutton Courtenay. It is no use just relegating us to a Sounding Board, where any concerns will be muffled in general concerns. It is noted that Didcot Town Council is to be a voting member of the Board. It naturally has different interests to those of other local communities and it would be important that any representative from those communities is also accorded voting rights.

[In conclusion, we urge you strongly that you do not adopt the Terms of Reference for the DGT Advisory Board and Sounding Boards as recommended, but please consider our request for a full seat on the Advisory Board with voting rights. A vote for Sutton Courtenay would balance the Board between the Vale and SODC/Didcot TC.](#)

January 2020

Appendix 3: Statement by Sutton Courtenay Parish Council read at 12 July 2019

Vale cabinet meeting

We do wish to be constructive in our request and request that if you are minded not to agree to that request, then an invitation to attend with voting rights for agenda items relating to discussions and decisions on plans for land within SC and the immediate vicinity where SC could be affected or even just an invitation to attend and contribute to the discussions.

And in any case, we ask that when the relevant officers are developing strategies and plans for projects on land which fall within Sutton Courtenay and its immediate vicinity where Sutton Courtenay could be affected, full consultation with Sutton Courtenay Parish Council should take place.

Finally, it is noticeable that OxLEP has a place on the Board as does Homes England. Both of these have considerable impact on the Growth Agenda you are now querying and do not necessarily represent the views of local communities and the requirement to protect the villages from undue and inferior quality development and the green spaces between them. It is recommended that CPRE might also be asked to join the Board, as well as a Parish Council representative, to balance out the influence of those intent on driving the growth agenda.

Thank you and please could I have a reassurance that our request will be considered and if not accepted the rationale is clearly documented for us to see.

Rita Atkinson on behalf of Sutton Courtenay Parish Council
