**Subject:** SODC LP2035

Dear Councillors

I am emailing to ask that you reject SODC LP2035 which was drawn up by a party who went on to lose a considerable number of seats, losing control of the Council in the May elections, when people voted against the plan.

Voters would understandably now expect those newly and re-elected to reject the plan as unsound.

We should not lose valuable greenbelt countryside and instead, experience permanent traffic chaos and unsafe roads in the process. Once this section of greenbelt is lost, developers will keep chipping away at the next piece and on it will go.

Many thanks and kind regards

Susan Warland (Mrs)
