**To:** Cooper, Sue <[REDACTED]>  
**Subject:** Do your democratic duty: VOTE AGAINST the Local Plan

Dear Sue –

Please forgive the haranguing email title, but this is a matter of huge consequence.

**You must vote against the Local Plan at the Council meeting.**

**The whole point of being an elected representative of the people is to stand up for the people at moments like this.**

As regards Robert Jenrick's threats, you must ignore these. He's probably bluffing and, if he isn't, the people will stand with you against a political figure widely now perceived as corrupt and misguided.

Looking at it the other way round, a vote in favour of the Local Plan would be:

- A vote in favour of traffic chaos around Oxford
- A vote to turn Oxford's Green Belt (and all other green belts) from a landscape designation into a land bank
- A vote in favour of global warming
- A vote against sustainability
- A vote against our children and our grandchildren, denying them the privilege of a beautiful countryside that we have enjoyed.

**No councillor in their right mind can knowingly vote for these things. So please be of a right mind and vote against the Local Plan today.**

**Your voters are watching you.**

With kind regards,

Dom

D.A. Holdsworth
