### **Recommendation**

To adjust the boundary between Tiddington with Albury and Waterstock parishes on the north side of Oxford Road as shown on the attached map

### **Justification**

The boundary between these two parishes is drawn very tightly behind houses on the north side of Oxford Road in Tiddington village. One property, Ash Lodge, is actually in Waterstock parish whilst others have the boundary going through their gardens. This proposal tidies up the boundary and ensures that all people are in the same parish as their neighbours.
