The purpose of the governance framework

5. The governance framework comprises the systems, processes, culture and values which direct and control the council, and activities through which it accounts to, engages with, and leads the community. The framework enables the council to monitor achievement of its strategic objectives and consider whether appropriate and cost-effective services have been delivered by those objectives.
6. The system of internal control is designed to manage risk to a reasonable level. All risk of failure to achieve the council's objectives cannot be eliminated and therefore the framework can only provide reasonable and not absolute assurance of effectiveness. An ongoing internal control process is employed, which is designed to identify and prioritise risks to the achievement of the council's objectives, to evaluate the likelihood of those risks, and mitigate their impact.
7. The council has had the governance framework described below in place for the year ended 31 March 2020 and up to the date of approval of the 2019/20 statement of accounts in August 2020.

The governance framework

8. Full Council is responsible for directing and controlling the organisation through the governance framework, doing the right things, in the right way, for the right people, and in a timely manner. Full Council's responsibilities include agreeing the Constitution and key governance documents and agreeing the policy framework and the budget.
9. The council has executive arrangements in place consisting of a cabinet, a scrutiny committee and a joint scrutiny committee with Vale of White Horse District Council. Cabinet is responsible for proposing the budget and policy framework and implementing them once approved by Council. The scrutiny function allows a committee to question and challenge the policy and performance of Cabinet and promote public debate.
10. The Chief Executive advises councillors on policy and procedures to drive the aims and objectives of the council. As head of paid service, the Chief Executive oversees the employment and conditions of staff. The Chief Executive leads a senior management team, shared with Vale of White Horse District Council. Mark Stone was appointed as permanent Chief Executive from 1 January 2018. The Chief Finance Officer, the Monitoring Officer, Acting Deputy Chief Executives and other heads of service are responsible for advising Cabinet and scrutiny committees on legislative, financial and other policy considerations to achieve the council's objectives. These officers are responsible for implementing councillors' decisions. Simon Hewings became Interim Head of Finance in December 2019.
11. The governance framework for 2019/20 was based on the council's code of governance. This aims to meet the principles of good governance in all aspects of its work, with careful attention to the following main principles:
 - Focusing on the council's purpose and on outcomes for the community and creating and implementing a vision for the local area

- Councillors and officers working together to achieve a common purpose with clearly defined functions and roles
- Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour
- Taking informed and transparent decisions, which are subject to effective scrutiny
- Managing risks
- Developing the capacity and capability of councillors and officers to be effective
- Engaging with local people and other stakeholders to ensure robust public accountability

Review of effectiveness of the governance framework

12. The council has responsibility for reviewing, at least annually, the effectiveness of its governance framework, including the system of internal control. This review is informed by the work of managers who have responsibility for the upkeep of the governance environment, the internal audit manager's annual report, and also by comments made by the external auditors and other review agencies and inspectorates.
13. The following section sets out tables showing:
 - the governance issues affecting the council;
