

Annual Governance Statement 2021/22

Scope of responsibility

1. Vale of White Horse District Council ensures that its business is conducted legally and to proper standards, and that public money is safeguarded, accounted for, and used economically, efficiently and effectively. Under the Local Government Act 1999 the council makes arrangements for continuous improvement, with a view to economy, efficiency and effectiveness. The council must make arrangements for the governance of its affairs, facilitating effective exercise of functions, including the management of risk.
2. The council has corporate governance arrangements and has adopted a local code of governance. This code is consistent with the “*Delivering Good Governance in Local Government*” publication by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives, published in 2007. During 2021-22, the local code was being redrafted to reflect updated CIPFA guidance that was revised in 2016 and will be introduced for the 2022/23 financial year.
3. This Annual Governance Statement explains how the council has complied with its code of governance, and how it met the requirements of regulation 6 of the Accounts and Audit Regulations 2015 in relation to an annual review of the effectiveness of the council’s systems of internal control, and the preparation and approval of this statement.
4. Our website at www.whitehorsedc.gov.uk has a copy of the local code of corporate governance within its Constitution or it can be obtained from:

The purpose of the governance framework

5. The governance framework comprises the systems, processes, culture and values which direct and control the council, and activities through which it accounts to, engages with, and leads the community. The framework enables the council to monitor achievement of its strategic objectives and consider whether appropriate and cost-effective services have been delivered by those objectives.
6. The system of internal control is designed to manage risk to a reasonable level. It is not possible to eliminate all risk of failure to achieve the council's objectives and therefore the framework can only provide reasonable and not absolute assurance of effectiveness. An ongoing internal control process is employed, which is designed to identify and prioritise risks to the achievement of the council's objectives, to evaluate the likelihood of those risks, and mitigate their impact.
7. The council has had the governance framework described below in place for the year ended 31 March 2022.

The governance framework

8. Full Council is responsible for directing and controlling the organisation through the governance framework, doing the right things, in the right way, for the right people, and in a timely manner. Full Council's responsibilities include agreeing the Constitution and key governance documents and agreeing the policy framework and the budget.
9. The council has executive arrangements in place consisting of a cabinet, a scrutiny committee and a joint scrutiny committee with South Oxfordshire District Council. Where this document refers to joint proceedings, this will be with South Oxfordshire District Council unless stated otherwise. Cabinet is responsible for proposing the budget and policy framework and implementing them once approved by Council. The scrutiny function allows a committee to question and challenge the policy and performance of Cabinet and promote public debate.
10. The Chief Executive advises councillors on policy and procedures to drive the aims and objectives of the council. As head of paid service, the Chief Executive oversees the employment and conditions of staff. The Chief Executive leads a senior management team, shared with South Oxfordshire District Council. The Chief Finance Officer, the Monitoring Officer, Deputy Chief Executives and Heads of Service are responsible for advising Cabinet and scrutiny committees on legislative, financial and other policy considerations to achieve the council's objectives. These officers are responsible for implementing councillors' decisions.
11. The governance framework for 2021/22 was based on the council's code of governance. This aims to meet the principles of good governance in all aspects of its work, with careful attention to the following main principles:
 - Focusing on the council's purpose and on outcomes for the community and creating and implementing a vision for the local area
 - Councillors and officers working together to achieve a common purpose with clearly defined functions and roles

- Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour
- Taking informed and transparent decisions, which are subject to effective scrutiny
- Managing risks
- Developing the capacity and capability of councillors and officers to be effective
- Engaging with local people and other stakeholders to ensure robust public accountability

Review of effectiveness of the governance framework

12. The council has responsibility for reviewing, at least annually, the effectiveness of its governance framework, including the system of internal control. This review is informed by the work of managers who have responsibility for the upkeep of the governance environment, the internal audit manager's annual report, and also by comments made by the external auditors and other review agencies and inspectorates.
13. The following section sets out tables showing:
 - the governance issues affecting the council;
 - how the council has tackled these issues in 2021/22 and the controls it has in place to ensure good governance; and
 - any actions identified to improve the council's governance.

The Strategic Planning Framework incorporates residents' and service-providers' views, as well as national and local priorities. In 2021-22, a Joint Communications and Engagement Strategy was formed and reviewed at scrutiny committee ahead of Cabinet meetings in April 2022. Recent surveys, consultations and engagement reports are published on the website. Public consultations link</p> <p>The Local code of governance has been reviewed during 2021-22. The performance management framework

Ref.	Governance issue	Controls in 2021/22	Actions
5	How does the council set performance targets to achieve its strategic objectives?	<p>In the Corporate Plan 2020-24, the council has set performance targets to achieve its strategic objectives and corporate priorities. A corporate delivery plan ensures that the council meets targets and achieves objectives. This is monitored by Scrutiny Committee and Cabinet and a report is published on a quarterly basis. A yearly summary is expected with quarter 4, which will be published in the 2022-23 period.</p> <p>The council shares its Senior Management Team and staff with South Oxfordshire District Council. This brings efficiencies for the council. As of 1 April 2020, the management structure includes a Chief Executive, three Deputy Chief Executives and seven heads of service posts. As of February 2022, a review of operational structure was conducted in response to some vacant posts and retirement, to see if there was opportunity to drive corporate priorities and ensure the right and appropriate balance of responsibilities were held amongst heads of service.</p> <p>Joint working has many benefits for both councils where there are many shared visions, priorities and projects.</p>	<p>To monitor the progress of Corporate Plan delivery in the year 2022-23</p> <p>Continued flexibility of staffing and assessment of resource distribution when needed.</p>

Staff have individual workplans and targets, ensuring that they work towards achieving a <i>golden thread</i> that aligns the council's top-level objectives to the work of each council officer. Managers are responsible to ensure these have been met.</p>	<p>Continue to align service area and staff priorities with corporate priorities</p>
6	<p>How does the council monitor performance against key targets?</p>	<p>The Senior Management Team receive regular board reports, which monitor performance of key measures. Analysis of the board report demonstrates that the council is meeting most of the key performance measures. In addition, the analysis shows a long-term, on-going trend of improvement.</p> <p>Staff performance objectives and reviews will link with the new corporate objectives. New process for one-to-one manager reviews was implemented in this period. Let's Talk is the new performance management process, set up to assist the continuous and constructive conversations with supervisors/managers, mutual accountability, openness and building team relationships.</p> <p>Quarterly corporate plan monitoring as mentioned.</p>	<p>To ensure the presentation of the board report is kept under review to measure performance against the strategic objectives. 8	How does the council monitor its contractors' performance?	The council operates a formal framework for monitoring contractors' performance and has officers monitoring performance on a regular basis. For the major contracts, monitoring reports are submitted to the Joint Scrutiny Committee and a report is made to the relevant Cabinet member. Officers work closely with contractors to ensure timely data reporting. Examples are Biffa waste management, Saba Car parking and Capita contracts. All data on key performance indicators (KPIs) is collected and presented by officers and undergoes scrutiny review. For corporate contracts with Capita, Vale has membership to a Joint Committee to monitor the contracts under the Five Councils Partnership. The same standards of the council are expected of contractors and this is challenged through regular review, as well as highlighting achievement and improvement. The Constitution is currently under review with the Joint Constitution Review Task Group (comprising of councillors from both councils) commencing the review in January 2022.</p> <p>During 2020-21, the Coronavirus pandemic resulted in temporary legislation that allowed councils to legally hold formal meetings virtually. This allowed the council to hold virtual meetings between 4 April 2020 and 6 May 2021.</p> <p>During 2021-22, the temporary legislation was removed. Since then, the council has contributed to evidence gathering in response to a call for a legislation change to allow virtual or hybrid meetings to be a legal option for holding formal meetings. The council has adapted to hold informal meetings virtually and hold formal meetings in person with protective measures in place for attendees. Accessibility is improved by the live streaming of public meetings via Microsoft Teams and YouTube.</p>	<p>Planning is underway for 2022/23 due to an office move, alternative venues are being sought with continued hybrid arrangements to benefit attendees.</p> <p>Continued monitoring of legislative changes and updating any relevant process and documents for the council.</p>
