Good afternoon

I am writing to object to Domino's application for extended opening hours at the premises 19 - 19A High Street, Thame OX9 2BZ.

We live at 94a High Street and the hours of 9am to 12pm and later on Friday and Saturday to 1am are unfair and we object to these premises being open for this length of time.

The public houses finish serving at 11am and if people are hungry they will head to Domino's for a Pizza. The noise level and anti social behavior will increase after this time, it is a known fact in late night eateries. I also do not believe it would bring any benefit to a beautiful town like Thame, it will be a monetary benefit to Domino's only.

We understand living on a High Street brings with it hustle and bustle but we believe that we also have a right to some level of peace after a certain time in the evening, say 10.30pm is a fair time to close.

Also what I do not understand is why a Pizza business would open at 9am in the morning, surely an opening time of 11.30am is more adept to this type of business.

These are my comments and I hope sense will prevail for the residents of Thame High Street.

Regards

Maria and Steve Hughes

94a High Street

Thame, Oxon OX9 3EH
