<b>CORPORATE S</b>	STRATEGY & WASTE													
SCORCAP1	Community Investment Fund – Capital Grants	This bid is to increase the Community Investment Fund (CIF) capital grant budget by £500,000. There is currently a budget of £500,000 and this proposal would increase the grant budget to £1m.	South	500,000	500,000	500,000	500,000	500,000	Rolling	0	0	0	0	0
SCORCAP2	To upgrade one of Cornerstones disabled toilets to a Changing Places facility	Changing Places toilets are different to standard disabled toilets with extra features and more space. Standard disabled toilets do not meet the needs of all people with a disability – or their carers. People with profound and multiple learning disabilities, as well as other serious impairments such as spinal injuries or muscular dystrophy often need extra facilities to allow them to use the toilets comfortably.	South	8,000	0	O	0	0	One-off	170	170	170	170	170
SCORCAP3	Energy Grant Scheme/Fuel Poverty	An energy grants scheme focussed on those households in the district who are living in fuel poverty. The energy grant scheme the council provided would need to be worked through once the government's Green Deal scheme is fully in place and we are able to asses the full extent of the potential impact upon fuel poor households.	South	15,000	15,000	15,000	0	0	One-off	0	0	0	0	0

SELPCAP1	Cornerstone's website	To bring Cornerstone's digital marketing strategy and platforms up to date:  1. Research to improve usability and interactivity  2. Website upgrade  3. Integration of Cornerstone's digital marketing tools  4. Training of staff on new website	South	31,500	0	0	0	0	One-off	1,800	1,800	1,800	1,800	1,800	
SELPCAP2	works 2017/18	Essential capital maintenance works at the leisure centres for 2017/18. The funds will be used to maintain the physical condition of the facilities, including plant and equipment, to a standard that maintains customer satisfaction, usage and income.	South	0	0	0	0	220,000	Rolling	0	0	0	0	0	
SELPCAP4	South Oxfordshire District Council offices	The current changing and shower facilities in the South offices (block D) are dated, shabby and of a low standard. Facilities have received complaints by members of staff about the poor state of the changing facilities. There is only one shower and changing area for both sexes. It would be possible to carry out some minor cosmetic changes inhouse. However, what is proposed would be to have single sex facilities and changing rooms that are compliant with building regulations and include for use by disabled people.		25,000	0	0	0	0	One-off	0	0	0	0	0	
SELPCAP5		Five year programme 2013-2018 of resurfacing and relining of district car parks - this is a continuation of a current programme that has been running since 2008.	South	45,000	45,000	45,000	45,000	45,000	Rolling	0	0	0	0	0	
SELPCAP6	Improvement to public conveniences in Greys Road and Station car parks, Henley	The current public conveniences in Greys Road car park and Station car park in Henley were built in the 1980s to an identical design. The design is robust, but the pans and doors are made of stainless steel and there are no seats on the pans. The floor is Terazzo (sealed sprinkles of granite/marble/quartz) and has ingrained dirt, which is very difficult to clean without damaging the floor itself. Overall, the toilets appear to be of a low standard. Henley Town Council is considering a refurbishment of the Mill Meadows toilets in 2013/14 and officers have contacted and agreed with the town council that some economies of scale could be made by having a contract to carry out improvement works on all three public conveniences at the same time.
